Jr. Frontend Developer

I'm Energy Engineer but I was wondering about Web development. I started by reading the documentation of the technologies I like. I'm interested in JavaScript and its frameworks. (React.js, Node.js etc.) I going to starting write in Medium blog. I add comments to the Readme file on my GitHub profile, so I discovered that I love to write

EDUCATION

FIRAT UNIVERSITY   **May 2020**
Elazig, Turkey
Energy Engineer
- Remote-controlled, solar-powered irrigation project (Ardunio UNO)
